PROJECT DETAILS:

1. **ERP (live.newsiri.com)**

- **Description:** This project appears to be an Enterprise Resource Planning (ERP) system. ERP systems are designed to manage various business processes, including finance, human resources, inventory, and customer relationship management.

- **Role:** As the lead, I likely played a crucial role in designing, developing, and overseeing the implementation of this ERP solution. My responsibilities may have included coordinating with team members, ensuring functionality, and addressing any challenges

- **Key Achievements:** Specify any notable achievements, such as successful deployment, improved efficiency, or enhanced user experience. Highlight any unique features or modules within the ERP system

2. **Job Portal (naukriyan.com)**

- **Description:** This project seems to be a Job Portal where job seekers can find employment opportunities and employers can post job listings.

- **Role:** As the lead, I likely guided the development of this portal. My responsibilities might have included defining requirements, creating user- friendly interfaces, and ensuring seamless functionality.

- **Key Achievements:** Mention any successful job placements facilitated through the portal. Highlight any innovative features that set this job portal apart

3. **Skill Deveopment (meity.skillkipathshala.com)-**

- **Description:** This project appears to be related to skill development. It could be an e-learning platform, training center, or community for enhancing specific skills.

- **Role:** As the lead, I would have overseen the project's development, content creation, and user engagement strategies.

- **Key Achievements:** Describe any impact on skill development or positive outcomes for users. Highlight any partnerships or collaborations related to skill enhancement

HOBBIES:

- Watching cricket
- Visiting new place
- Playing Chess

.

STRENGTH:

- Fast learner
- Adapt well to changes and pressures in workplace
- Good Listener
- Hardworking
